

<p align="center">MBBS PHASE II – BLOCK II : WEEK 14</p>

	8 am-11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 14/06/2021	CLINICAL POSTINGS	Microbiology (Lecture): Introduction to Gastrointestinal Infections	Pathology (Lecture): Hematopoiesis, classification, investigations of anemia	LUNCH	Pathology – A: DOAP, Peripheral smear – perform, identify, describe NNBP	
					Microbiology – B: Diarrhoeagenic E. coli, Cholera: Hanging drop Preparation, Food poisoning	
					Pharmacology- C: Critical Appraisal of DPL II (PH 3.3)	
					Pathology - B: DOAP, Peripheral smear – perform, identify, describe NNBP	
					Microbiology – C: Diarrhoeagenic E. coli, Cholera: Hanging drop Preparation, Food poisoning	
Tuesday Day -2 15/06/2021		Pharmacology (Lecture): Introduction to ANS (PH1.13, PH1.14, PH1.58)	Microbiology (Lecture): Cholera		Pharmacology- A: Critical Appraisal of DPL I (PH 3.3)	
Wednesday Day -3 16/06/2021		Pathology (Lecture): Hemolytic anemia – classification, lab inv, sickle cell anemia, HS	Pharmacology (Lecture): Cholinergic Drugs (PH1.14, PH1.58)	BREAK	Pathology – C: DOAP, Peripheral smear – perform, identify, describe NNBP	
					Microbiology –A: Diarrhoeagenic E. coli, Cholera: Hanging drop Preparation, Food poisoning	
					Pharmacology- B: Critical Appraisal of DPL I (PH 3.3)	
Thursday Day -4 17/06/2021		CM (Lecture): CM 5.5 Methods of nutritional surveillance, nutritional education and rehabilitation.	Microbiology (SGT): Diarrhoeagenic E. coli, Antibiotic associated Diarrhoea, Viral Diarrhoea		PATHOLOGY (Practical/SGT/Tutorials/integration) charts Anemia	
Friday Day – 5 18/06/2021		Medicine (lecture): NUT/VIT DEF – I 23.1 assess nutrition in adults	FM (Lecture): FM 1.1,1.2 Introduction of Forensic Medicine and branches		PATH/PHARMAC/MICRO INTEGRATION Anaemia I	
Saturday Day – 6 19/06/2021	Clinical training and procedural skills	Surgery (Lecture): SU 3.1, 3.3, Blood and blood products	OBG (Lecture): OG 4.1, Development of placenta & fetus		Mentor meeting	

<p align="center">MBBS PHASE II – BLOCK II : WEEK 15</p>

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 21/06/2021	CLINICAL POSTINGS	Microbiology (Lecture): Bacillary dysentery	Pathology (Lecture): Hemolytic anemia - Thalassemia, Acquired hemolytic anemia	LUNCH	Pathology – A: DOAP, Eosinophilia, hemolytic anemia	
					Microbiology – B: Stool examination -3 & 4: Entamoeba, Giardia, Coccidia, Bacillary dysentery	
					Pharmacology- C: ADR I (PH 3.4, PH1.7, PH1.6)	
					Pathology - B: DOAP, Eosinophilia, hemolytic anemia	
					Microbiology – C: Stool examination -3 & 4: Entamoeba, Giardia, Coccidia, Bacillary dysentery	
					Pharmacology- A: Critical Appraisal of DPL II (PH 3.3)	
					Pathology – C: DOAP, Eosinophilia, hemolytic anemia	
					Microbiology –A: (Practical): Stool examination - 3 & 4: Entamoeba, Giardia, Coccidia, Bacillary dysentery	
					Pharmacology- B: Critical Appraisal of DPL II (PH 3.3)	
Tuesday Day -2 22/06/2021		Pharmacology (Lecture): AntiCholinergic Drugs (PH1.13, PH1.14, PH1.58)	Microbiology (Lecture): Parasitic Dysentery	BREAK	PHARMACOLOGY (SDL): Antiseptics, Disinfectants and Ectoparasites, Chelating agents, Management of Drug Interactions, Vitamins and Vaccines (1.62, 1.53, PH1.8, 1.54, PH1.51, PH1.51), Drugs acting on Blood (PH1.25, PH1.31)	
Wednesday Day -3 23/06/2021		Pathology (Lecture): Megaloblastic anemia	Pharmacology (Lecture): Adrenergic Drugs (PH1.13, PH1.58, PH1.22, PH1.27)		PATH/PHARMAC/MICRO INTEGRATION Anaemia II	
Thursday Day -4 24/06/2021		CM (SDL): CM 5.6 National Nutrition Policy, Nutritional programmes - ICDS	Microbiology (SGT): Soil transmitted Infections, Acid Peptic Disorder			
Friday Day – 5 25/06/2021		Medicine (lecture): NUT/VIT DEF – I, IM 23.1 Method of calories calculation	FM (Lecture): FM 2.1,2.1,2.3 Death and its types			
Saturday Day – 6 26/06/2021	Clinical training and procedural skills	AETCOM : 2.4 Working in health care team			Extracurricular activity/ Yoga	

MBBS PHASE II – BLOCK II : WEEK 16

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 28/06/2021	CLINICAL POSTINGS	Microbiology (Lecture): Parasitic diarrhoea	Pathology (Lecture): Iron deficiency anemia	LUNCH	Pathology – A:DOAP Dimorphic anemia, microcytic hypochromic anemia	
					Microbiology – B: Enteric Fever: Blood Culture ,Widal	
					Pharmacology- C: ADR II (PH 3.4, PH1.7, PH1.6)	
Tuesday Day -2 29/06/2021		Pharmacology (Lecture): AntiAdrenergic Drugs (PH1.13, PH1.58, PH1.22, PH1.27)	Microbiology (Lecture): Enteric Fever		Pathology-B DOAP, Dimorphic anemia, microcytic hypochromic anemia	
					Microbiology–C: (Practical) Enteric Fever: Blood Culture,Widal	
	CLINICAL POSTINGS			BREAK	Pharmacology- A: ADR I (PH 3.4, PH1.7, PH1.6)	
Wednesday Day -3 30/06/2021		Pathology (Lecture): WBC disorders	Pharmacology (SDL): Histamine and Antihistaminics (PH1.16)		Pathology– C: DOAP dimorphic anemia, microcytic hypochromic anemia	
					Microbiology –A: (Practical) Enteric Fever: Blood Culture, Widal	
					Pharmacology- B: ADR I (PH 3.4, PH1.7, PH1.6)	
Thursday Day -4 01/07/2021		CM (Lecture): CM 5.7 Food Hygiene	Microbiology (SGT): Actinomycosis, Nocardia, Pox Virus		PATHOLOGY (Practical/SGT/Tutorials/integration) Anemia charts	
Friday Day – 5 02/07/2021		Medicine (lecture): NUT/VIT DEF – I, IM 23.2 Protein- calorie malnutrition	FM (Lecture): FM 2.5,2.6,2.7, Time and modes of death		PATH/PHARMAC/MICRO INTEGRATION Anaemia III	
Saturday Day – 6 03/07/2021	Clinical training and procedural skills	Surgery (Lecture): IM 15.3, 15.4, Blood loss & types	OBG (Lecture): OG 6.1, Diagnosis of pregnancy		Mentor meeting	

MBBS PHASE II – BLOCK II : WEEK 17

	8 am-11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 05/07/2021	CLINICAL POSTINGS	Microbiology (Lecture): Food Poisoning	Pathology (Lecture): Platelet/hemorrhagic disorder	LUNCH	Pathology – A: DOAP AML/ALL – Slides/charts	
					Microbiology – B: Seromarkers of Hepatitis B & C	
					Pharmacology- C: P Drugs I (PH 3.5)	
					Pathology - B: DOAP ALL – Slides/charts	
					Microbiology – C: Seromarkers of Hepatitis B & C	
Tuesday Day -2 06/07/2021		Pharmacology (Lecture): 5-Hydroxytryptamine, its Antagonists and Drug Therapy of Migraine (PH1.16)	Microbiology (Lecture): Hepatitis B		Pharmacology- A: ADR II (PH 3.4, PH1.7, PH1.6)	
Wednesday Day -3 07/07/2021		Pathology (Lecture): Lymphnode and spleen	Pharmacology (SDL): Prostaglandins, Leukotrienes (Eicosanoids) and Platelet Activating Factor (PH1.16)	BREAK	Pathology – C: DOAP AML/ALL – Slides/charts	
					Microbiology –A: Seromarkers of Hepatitis B & C	
					Pharmacology- B: ADR II (PH 3.4, PH1.7, PH1.6)	
Thursday Day -4 08/07/2021		CM (Lecture): CM 5.8 Food Fortification, food additives and food adulteration	Microbiology (SGT): Cellulitis Diabetic Foot Infections Tissue Nematodes, Infections of skin and Soft Tissue		Pandemic Module 2.2 Emerging and Re-emerging infections, early identification and control of new infections	
Friday Day – 5 09/07/2021		Medicine (lecture): Nutritional/vitamin def, IM 23.3 Common vitamin deficiencies	FM (Lecture): FM 2.11,2.14,8.5,8.9, Autopsy procedures, Autopsy in poisoning		Pandemic Module 2.2 Emerging and Re-emerging infections, early identification and control of new infections	
Saturday Day – 6 10/07/2021	Clinical training and procedural skills	AETCOM 2.5 Bioethics			Extracurricular activity/ Yoga	

MBBS PHASE II – BLOCK II : WEEK 18

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 12/07/2021	CLINICAL POSTINGS	Microbiology (Lecture): Hepatitis A, C, D, E	Pathology (Lecture): Respiratory system	LUNCH	Pathology – A:DOAP CML/CLL – Slides/charts	
					Microbiology – B: • Gram Stain-3,4,5 : Clostridium tetani, Cellulitis, Surgical site Infection , Burns	
					Pharmacology- C: P Drugs II (PH 3.5)	
Tuesday Day -2 13/07/2021		Pharmacology (FA 3): ANS	Microbiology (Lecture): Introduction to Anaerobic Infections		CML/CLL – Slides/charts	
					Microbiology – C: • Gram Stain-3,4,5 : Clostridium tetani, Cellulitis, Surgical site Infection , Burns	
	CLINICAL POSTINGS			BREAK	Pharmacology- A: P Drugs I (PH 3.5)	
Wednesday Day -3 14/07/2021		Pathology (Lecture): Respiratory system	Pharmacology (Lecture): Nonsteroidal Antiinflammatory Drugs and Antipyretic- Analgesics (PH1.16)		CML/CLL – Slides/charts	
					Microbiology –A: • Gram Stain-3,4,5 : Clostridium tetani, Cellulitis, Surgical site Infection , Burns	
					Pharmacology- B: P Drugs I (PH 3.5)	
Thursday Day -4 15/07/2021		CM (Lecture): CM 13.1 Disaster Management – Classification of Disaster, Concept of Disaster management	Microbiology (SGT): Parasitic Meningitis, Parasitic Encephalitis		PATHOLOGY (Practical/SGT/Tutorials/integration) Blood banking	
Friday Day – 5 16/07/2021		Medicine (lecture): Nutritional/vitamin deficiency, IM 23.3 Vit B1/B2/B3 Deficiency	FM (Lecture): 2.12,2.13,2.17, Legal requirements and procedures to conduct postmortem examination		PATH/PHARMAC/MICRO INTEGRATION Tuberculosis I	
Saturday Day – 6 17/07/2021	Clinical training and procedural skills	Surgery (Lecture): IM 15.12, 15.13, Blood transfusion -I	OBG (Lecture): OG 6.1, Diagnosis of pregnancy - II		Mentor meeting	

<p align="center">MBBS PHASE II – BLOCK II : WEEK 19</p>

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 19/07/2021	CLINICAL POSTINGS	Microbiology (Lecture): Tetanus	Pathology (Lecture): Respiratory system	LUNCH BREAK	Pathology – A:DOAP Clinical hematology instruments	
					Microbiology – B Revision	
					Pharmacology- C: Interacting with Pharmaceutical Representatives (PH 3.6)	
					instruments	
					Microbiology – B Revision	
					Pharmacology- A: P Drugs II (PH 3.5)	
Tuesday Day -2 20/07/2021		Pharmacology (SDL): Antirheumatoid and Antigout Drugs (PH1.16)	Microbiology (Lecture): Non- sporing Anaerobic Infections			
Wednesday Day -3 21/07/2021	HOLIDAY					
Thursday Day -4 22/07/2021	CLINICAL POSTINGS	CM (Lecture): CM 13.2, 13.3 – Disaster Management Cycle, Man Made disasters	Microbiology (SGT): Toxoplasmosis, Cerebral Malaria, Primary Amoebic Encephalitis	LUNCH BREAK	PHARMACOLOGY (Lecture) Drugs for Cough and Bronchial Asthma (PH1.32, PH1.33) I	PHARMACOLOGY (SDL) Drugs for Cough and Bronchial Asthma (PH1.32, PH1.33) II
Friday Day – 5 23/07/2021		Medicine (lecture): Nutritional/vitamin deficiency, IM 23.3 Vit B6/B12/ Vit C Deficiency	FM (Lecture): FM 8.2,8.3,8.4,8.6, Toxicology		PATH/PHARMAC/MICRO INTEGRATION Tuberculosis II	
Saturday Day – 6 24/07/2021	Clinical training and procedural skills	AETCOM 2.5 Bioethics			Extracurricular activity/ Yoga	

MBBS PHASE II – BLOCK II : WEEK 20

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm	
Monday Day -1 26/07/2021	CLINICAL POSTINGS	Microbiology (Lecture): Bone, Joint, Skin and Soft Tissue Infections	Pathology (Lecture): Respiratory system	LUNCH	Pathology – A:DOAP Clinical pathology instruments		
					Microbiology – B: Gram Stain: Pus Collection, ZN Stain 3: Leprae, Osteomyelitis, Infective Arthritis		
					Pharmacology- C: QP Review/ Revision		
Tuesday Day -2 27/07/2021		Pharmacology (Lecture): Skeletal Muscle Relaxants (PH1.15, PH1.22)	Microbiology (Lecture): Leprosy		Pathology - B: DOAP Clinical pathology instruments	Microbiology – C: Gram Stain: Pus Collection, ZN Stain 3: Leprae Osteomyelitis, Infective Arthritis	
					Pharmacology- A: Interacting with Pharmaceutical Representatives (PH 3.6)		
Wednesday Day -3 28/07/2021		Pathology (Lecture): Respiratory system	Pharmacology (Lecture): Local Anaesthetics (PH1.17)	BREAK	Pathology – C: DOAP Clinical pathology instruments	Microbiology –A: Gram Stain: Pus Collection, ZN Stain 3: Leprae ,Osteomyelitis, Infective Arthritis	
					Pharmacology- B: P Drugs II (PH 3.5)		
Thursday Day -4 29/07/2021	CM (Lecture): . CM 13.4 National Disaster Management Authority	Microbiology (SGT): Infectious space occupying Lesions of CNS			PATH – 1st/3rd, PHARMAC – 2nd/4th Path – case- based discussion		
					(Practical/SGT/Tutorials/integration)		
Friday Day – 5 30/07/2021		Medicine (lecture): Nutritional/vitamin deficiency, IM 23.4 External & parental nutrition	FM (Lecture): FM 8.8, Methodologies in treatment of poisoning		PATH/PHARMAC/MICRO INTEGRATION Tuberculosis III		
Saturday Day – 6 31/07/2021	Clinical training and procedural skills	Surgery (Lecture): IM 15.11 Blood transfusion	OBG (Lecture): OG 1.1 Maternal changes during pregnancy - I		Mentor meeting		

MBBS PHASE II – BLOCK II : WEEK 21

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm	
Monday Day -1 02/08/2021	CLINICAL POSTINGS	Microbiology (Lecture): Herpes Viruses	Pathology (Lecture): Respiratory system	LUNCH BREAK	Pathology – A:DOAP Specimen – pneumonia, TB lung, ca lung, Bronchiectasis, Slides – TB lung, pneumonia.		
					Microbiology – B: Dermatophytes, Mycetoma		
					Pharmacology- C: QP Review/ Revision		
Tuesday Day -2 03/08/2021		Pharmacology (FA 4): Autacoids, RS & PNS	Microbiology (Lecture): Viral Exanthematous Infections		Pathology - B: DOAP Specimen – pneumonia, TB lung, ca lung, Bronchiectasis , Slides – TB lung , pneumonia.	Microbiology – C: • Dermatophytes, Mycetoma	
					Pharmacology- A: QP Review/ Revision		
Wednesday Day -3 04/08/2021	Pathology (Lecture): CVS	Pharmacology (SDL): General Anaesthetics I (PH1.18)	Pathology – C: DOAP Specimen – pneumonia, TB lung, ca lung, Bronchiectasis, Slides – TB lung , pneumonia.		Microbiology –A: • Dermatophytes, Mycetoma		
			Pharmacology- B: Interacting with Pharmaceutical Representatives (PH 3.6)				
Thursday Day -4 05/08/2021	CM (Lecture): CM 18.1 Concept of International Health, its evolution and need	Microbiology (SGT): Community Acquired Pneumonia	Pandemic 2.5: Therapeutic strategies, including new drug development				
Friday Day – 5 06/08/2021	Medicine (lecture): Obesity & metabolism IM 14.1, 14.2– Obesity in India, Etio/risk factors	FM (Lecture): FM 8.10, Analytical toxicology	PATH/PHARMAC/MICRO INTEGRATION Immunology I				
Saturday Day – 6 07/08/2021	Clinical training and procedural skills	AETCOM 2.5 Bioethics			Extracurricular activity/ Yoga		

<p align="center">MBBS PHASE II – BLOCK II : WEEK 22</p>

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 09/08/2021	CLINICAL POSTINGS	Microbiology (Lecture): Superficial Mycoses	Pathology (Lecture): CVS	LUNCH	Pathology – A:DOAP Slide, gross – AS, hemangioma, Charts - MI	
					Microbiology – B: Polio, Rabies, Hydatid Cyst, cerebral Malaria	
					Pharmacology- C: Essential Medicine List (PH 3.7)	
					Pathology - B: DOAP Slide, gross – AS, hemangioma, Charts - MI	
					Microbiology – C: Polio, Rabies, Hydatid Cyst, cerebral Malaria	
					Pharmacology- A: Essential Medicine List (PH 3.7)	
					Pathology – C: DOAP Slide, gross – AS, hemangioma, Charts - MI	
					Microbiology –A: Polio, Rabies, Hydatid Cyst, cerebral Malaria	
					Pharmacology- B: Essential Medicine List (PH 3.7)	
						BREAK
Wednesday Day -3 11/08/2021	Pathology (Lecture): CVS	Pharmacology (Lecture): Opioid Analgesics and Antagonists (PH1.19)				
Thursday Day -4 12/08/2021	CM (SDL): Various International Agencies	Microbiology (SGT): Hospital acquired Pneumonia				
Friday Day – 5 13/08/2021		Medicine (lecture): Obesity & metabolism, IM 14.3, 14.5– Monogenic form, natural history, compliactions	FM (Lecture): FM 9.2, General principles and basic methodologies in treatment of poisoning I		PATH/PHARMAC/MICRO INTEGRATION Immunology II	
Saturday Day – 6 14/08/2021	Clinical training and procedural skills	Surgery (Lecture): FM 2.25 Burns I	OBG (Lecture): OG 7.1 Maternal changes during pregnancy II		Mentor meeting	

<p align="center">MBBS PHASE II – BLOCK II : WEEK 23</p>

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 16/08/2021	CLINICAL POSTINGS	Microbiology (Lecture): CNS Infections, Pyogenic Meningitis	Pathology (Lecture): CVS	LUNCH	Pathology – A:DOAP Formative assessment	
					Microbiology – B: Pyogenic, Tubercular, Cryptococcal Meningitis, Cerebral Abscess	
					Pharmacology- C: DOAP Formative Assessment	
					Pathology - B: DOAP Formative assessment	
					Microbiology – C: Pyogenic, Tubercular, Cryptococcal Meningitis, Cerebral Abscess	
					Pharmacology- A: DOAP Formative Assessment	
					Pathology – C: DOAP Formative assessment	
						Microbiology –A: Pyogenic, Tubercular, Cryptococcal Meningitis, Cerebral Abscess
Wednesday Day -3 18/08/2021		Pathology (Lecture): CVS	Pharmacology (Lecture): Antiarrhythmic Drugs (PH1.30)	BREAK	Pharmacology- B: DOAP Formative Assessment	
Thursday Day -4 19/08/2021		CM (Lecture): CM 15.1 Mental Health - Concept	Microbiology (SGT): Whooping Cough, Croup, Parainfluenza		PHARMACOLOGY (Lecture) Cardiac Glycosides and Drugs for Heart Failure I (PH1.29)	PHARMACOLOGY (Lecture) Cardiac Glycosides and Drugs for Heart Failure II (PH1.29)
Friday Day – 5 20/08/2021	HOLIDAY					
Saturday Day – 6 21/08/2021	Clinical training and procedural skills	AETCOM 2.6 BIOETHICS		LUNCH BREAK	Extracurricular activity/ Yoga	

MBBS PHASE II – BLOCK II : WEEK 24

	8 am-11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 23/08/2021	CLINICAL POSTINGS	Microbiology (Lecture): Viral Encephalitis & Slow Viral Infections	Pathology (Lecture): CVS	LUNCH	Pathology – A:DOAP Case based discussion	
					Microbiology – B: Gram stain, CKIT (1,2,3): Otitis Media, Sinusitis, Otitis Media, white Patch in Oral Cavity: Albert Stain	
					Pharmacology- C: Clinical Simulations I (PH 4.1, PH 2.3)	
					Pathology - B: DOAP Case based discussion	
					Microbiology – C: Gram stain, CKIT (1,2,3): Otitis Media, Sinusitis, Otitis Media, white Patch in Oral Cavity: Albert Stain	
Tuesday Day -2 24/08/2021		Pharmacology (Lecture): Antianginal and Other Anti-ischaemic Drugs I (PH1.28)	Microbiology (Lecture): Polio		Pharmacology- A: Clinical Simulations I (PH 4.1, PH 2.3)	
Wednesday Day -3 25/08/2021		Pathology (Lecture): CVS	Pharmacology (Lecture): Antianginal and Other Anti-ischaemic Drugs II (PH1.28)	BREAK	Pathology – C: DOAP Case based discussion	
					Microbiology –A: Gram stain, CKIT (1,2,3): Otitis Media, Sinusitis, Otitis Media, white Patch in Oral Cavity: Albert Stain	
					Pharmacology- B: Clinical Simulations I (PH 4.1, PH 2.3)	
Thursday Day -4 26/08/2021		CM (SDL): CM 5.2 Warning signals of mental health disorder	Microbiology (SGT): Viral Lower Respiratory Tract Infection		Pandemic 2.3: Sample Collection, Microbial diagnosis, Serologic tests and their performance parameters	
Friday Day – 5 27/08/2021		Medicine (lecture): Obesity & metabolism, IM 14.4 – Impact of environmental factors	FM (Lecture)		Pandemic 2.3: Sample Collection, Microbial diagnosis, Serologic tests and their performance parameters	
Saturday Day – 6 28/08/2021	Clinical training and procedural skills	Surgery (Lecture): SU 4.1 Burns II	OBG (Lecture): OG 8.1, 8.2, 9.4, 9.5 ANC - I		Mentor meeting	

MBBS PHASE II – BLOCK II : WEEK 25

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 30/08/2021	CLINICAL POSTINGS	Microbiology (Lecture): Rabies	Pathology (Lecture): GIT	LUNCH	Pathology – A:DOAP Gross: adeno ca colon, peptic ulcer, gastric ca, HPE – adeno ca	
					Microbiology – B: Community associated Pneumonia, entilator associated Pneumonia, Sputum Collection, Gram stain: LRTI (1,2,3)	
					Pharmacology- C: Clinical Simulations II (PH 4.1, PH 2.3)	
Tuesday Day -2 30/08/2021		Pharmacology (Lecture): Antihypertensive Drugs I (PH1.27)	Microbiology (Lecture): Upper Respiratory Tract Infections and Fungal Infections of Lower espiratory Tract		Pathology - B: DOAP Gross: adeno ca colon, peptic ulcer, gastric ca, HPE – adeno ca	
					Microbiology- C: Community associated Pneumonia, Ventilator associated Pusumonia Sputum Collection, Gram stain: LRTI (1,2,3)	
					Pharmacology- A: Clinical Simulations II (PH 4.1, PH 2.3)	
Wednesday Day -3 01/09/2021		Pathology (Lecture): GIT	Pharmacology (Lecture): Antihypertensive Drugs II (PH1.27)		Pathology – C: DOAP Gross: adeno ca colon, peptic ulcer, gastric ca, HPE – adeno ca	
					Microbiology –A: Community associated Pneumonia, Ventilator associated Pneumonia , Sputum Collection ,Gram stain: LRTI (1,2,3)	
					Pharmacology- B: Clinical Simulations II (PH 4.1, PH 2.3)	
Thursday Day -4 02/09/2021		CM (Lecture): CM 15.3 National Mental health Programme	Microbiology (SGT): Atypical Pneumonia, Immune Prophylaxis of Respiratory Infections		PHARMACOLOGY (SGT) ANS (PH1.13, PH1.14, PH1.58), Antianginal, Shock & Myocardial Infarction (PH1.27, PH1.28, PH1.29)	
Friday Day – 5 03/09/2021	Medicine (lecture): Obesity & metabolism, IM 14.13, 14.14 – Pharmacotherapy, bariatric surgery	FM (Lecture)	PATH/PHARMAC/MICRO INTEGRATION Diabetes mellitus I			
Saturday Day – 6 04/09/2021	Clinical training and procedural skills	AETCOM 2.6 BIOETHICS		Extracurricular activity/ Yoga		

MBBS PHASE II – BLOCK II : WEEK 26

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 06/09/2021	CLINICAL POSTINGS	Microbiology (Lecture): Diphtheria	Pathology (Lecture): GIT	LUNCH BREAK	Pathology – A DOAP Revision	
					Microbiology – B: Sputum: LRTI(1,2,3) ZN Stain	
					Pharmacology- C: Clinical Simulations III (PH 4.1, PH 2.3)	
Tuesday Day -2 07/09/2021		Pharmacology (Lecture): Diuretics & Antidiuretics (PH1.24, PH1.24)	Microbiology (Lecture): Viral Pneumonia		Pathology – A DOAP Revision	
					Microbiology – C: Sputum: LRTI(1,2,3) ZN Stain	
					Pharmacology- A: Clinical Simulations III (PH 4.1, PH 2.3)	
Wednesday Day -3 08/09/2021		Pathology (Lecture): GIT	Pharmacology (FA 5): CVS		Pathology – C: DOAP revision	
					Microbiology –A: Sputum: LRTI (1,2,3) ZN Stain	
					Pharmacology- B: Clinical Simulations III (PH 4.1, PH 2.3)	
Thursday Day -4 09/09/2021		CM (SDL): CM 19.1 Concept of Essential Medicine List	Microbiology (SGT): Atypical Mycobacteria		PATH – 1st/3rd, PHARMAC – 2nd/4th Path – SDL	
					(Practical/SGT/Tutorials/integration)	
Friday Day – 5 10/09/2021	HOLIDAY					
Saturday Day – 6 11/09/2021	Clinical training and procedural skills	Surgery (Lecture): SU 4.2 Burns III	OBG (Lecture): OG 8.1, 8.2, 9.4, 9.5, ANC - III	LUNCH BREAK	Mentor meeting	

MBBS PHASE II – BLOCK II : WEEK 27

	8 am-11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 13/09/2021	CLINICAL POSTINGS	Microbiology (Lecture): Mycobacterium Tuberculosis	Pathology (Lecture): GIT	LUNCH	Pathology – A:DOAP SDL	
					Microbiology – B: Discharge per Vagina, Urethral Syndrome, Ulcerative Lesion in the External Genitalia	
					Pharmacology- C: Clinical Simulations IV (PH 4.1, PH 2.3)	
					Pathology - B: DOAP SDL	
					Microbiology – C: Discharge per Vagina, Urethral Syndrome, Ulcerative Lesion in the External Genitalia	
Tuesday Day -2 14/09/2021		Pharmacology (Lecture):Drugs Affecting Coagulation, Bleeding and Thrombosis I (PH1.25, PH1.35)	Microbiology(Lecture): Introduction to Genitourinary system, Infections Pathogens causing Ulcerative Lesions in the Genital tract-1		Pharmacology- A: Clinical Simulations IV (PH 4.1, PH 2.3)	
Wednesday Day -3 15/09/2021		Pathology (Lecture): GIT	Pharmacology (Lecture): Drugs Affecting Coagulation, Bleeding and Thrombosis II (PH1.25, PH1.35)	BREAK	Pathology – C: DOAP SDL	
					Microbiology –A: Discharge per vagina , Urethral Syndrome, Ulcerative Lesion in the External Genitalia	
					Pharmacology- B: Clinical Simulations IV (PH 4.1, PH 2.3)	
					PHARMACOLOGY (SGT) NSAIDs& Gout, Drugs acting on Kidney, Drugs actigon RS, Drugs acting on GIT (PH1.16, PH1.24,PH1.32, PH1.33, PH1.34)	
					PATH/PHARMAC/MICRO (pharmac)	
Thursday Day -4 16/09/2021		CM (SDL): CM 19.2 Essential Medicines in Primary Health Care	Microbiology (SGT): Pulmonary Parasitic Infections, Pneumonia in Immunocompromised		PATH – Integration	
Friday Day – 5 17/09/2021		Medicine (lecture): Obesity & metabolism, IM 14.15 – Public health measures	FM (Lecture)			
Saturday Day – 6 18/09/2021	Clinical training and procedural skills	AETCOM 2.7 bioethics			Extracurricular activity/ Yoga	

<p align="center">MBBS PHASE II – BLOCK II : WEEK 28</p>

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 20/09/2021	CLINICAL POSTINGS	Microbiology (Lecture): Pathogen causing Ulcerative Lesion in the Gentle tract- 2 (Syphilis)	Pathology (Lecture): GIT	LUNCH BREAK	Pathology – A:DOAP Gross/HPE – Cirrhosis, chronic cholecystitis, gall stones	
					Microbiology – B: Urine Sample Collection UTI , CAUTI	
					Pharmacology- C: SGT/ Tutorials AntiHypertensive (PH1.27)	
					Pathology - B: DOAP Gross/HPE – Cirrhosis, chronic cholecystitis, gall stones	
					Microbiology – C: Urine Sample Collection , UTI, CAUTI	
					Pharmacology- A: SGT/ Tutorials AntiHypertensive (PH1.27)	
					Pathology – C: DOAP Gross/HPE – Cirrhosis, chronic cholecystitis, gall stones	
					Microbiology –A: Urine Sample Collection , UTI, CAUTI	
					Pharmacology- B: SGT/ Tutorials AntiHypertensive (PH1.27)	
Tuesday Day -2 21/09/2021		Pharmacology (Lecture): Drugs Affecting Coagulation, Bleeding and Thrombosis III (PH1.25, PH1.35)	Microbiology (Lecture): Pathogen Causing Urethral Discharge / White Discharge per Vagina			
Wednesday Day -3 22/09/2021		Pathology (Lecture): Liver/GB	Pharmacology (Lecture): Hypolipidaemic Drugs and Plasma Expanders (PH1.31)			
Thursday Day -4 23/09/2021		CM (SGT): CM 19.3 Counterfeit Medicines and its Prevention	Microbiology (SGT): Non- gonococcal Urethritis, Prevention Measures in STD, Congenital Infections		Pandemic 2.4: Vaccination strategies including vaccine development & Implementation	
Friday Day – 5 24/09/2021		Medicine (lecture): Common malignancy – I, IM 13.1, 13.2 Epidemiology, risk factors, genetic basis	FM (Lecture)		Pandemic 2.4: Vaccination strategies including vaccine development & Implementation	
Saturday Day – 6 25/09/2021	Clinical training and procedural skills	Surgery (Lecture): SU 4.3, 4.4, Burns IV	OBG (Lecture): 8.1, 8.2, 9.4, 9.5, ANC - III		Mentor meeting	

MBBS PHASE II – BLOCK II : WEEK 29

	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 27/09/2021	CLINICAL POSTINGS	Microbiology (Lecture): Urinary Tract Infections	Pathology (Lecture): Liver/GB	LUNCH BREAK	Pathology – A:DOAP Revision	
					Microbiology – B: ZN Stain: 4, 5, Hand Hygiene:1, 2	
					Pharmacology- C: Exam Preparation (Spotters, Charts, Skill Stations)	
					Pathology - B: DOAP Revision	
Tuesday Day -2 28/09/2021		Pharmacology (Lecture): Drugs for Peptic Ulcer and Gastroesophageal Reflux Disease (PH1.34)	Pandemic 2.5: Therapeutic strategies, including new drug development		Microbiology – C: ZN Stain: 4, 5, Hand Hygiene:1, 2	
					Pharmacology- A: Exam Preparation (Spotters, Charts, Skill Stations)	
					Pathology – C: DOAP Revision	
					Microbiology –A: ZN Stain: 4, 5, Hand Hygiene:1, 2	
					Pharmacology- B: Exam Preparation (Spotters, Charts, Skill Stations)	
Wednesday Day -3 29/09/2021		Pathology (Lecture): Liver/GB	Pharmacology (Lecture): Antiemetic, Prokinetic and Digestant Drugs (PH1.34)		PHARMACOLOGY SGT Miscellaenous, Antiseptics, Disinfectants and Ectoparasites, Chelating agents, Management of Drug Interactions, Vitamins and Vaccines (1.62, 1.53, PH1.8, 1.54)	
Thursday Day -4 30/09/2021	CM (SGT): Revision	Pandemic 2.5: Therapeutic strategies, including new drug development	Pandemic 2.4: Vaccination strategies including vaccine development & Implementation			
Friday Day – 5 01/10/2021	Medicine (lecture): Common malignancy – II, IM 13.3, 13.4, 13.5 Cancer & infection, prevention, natural history	FM (Lecture)				
Saturday Day – 6 02/10/2021	HOLIDAY					

MBBS PHASE II – BLOCK II: WEEK 30						
	8 am- 11.00 am	11.00am – 12.00pm	12.00pm – 1.00 pm	1.00pm – 2pm	2pm – 3 pm	3 pm - 4 pm
Monday Day -1 07/06/2021	CLINICAL POSTINGS	2nd INTERNALS		LUNCH BREAK	Pathology – A:	
					Microbiology – B:	
					Pharmacology- C:	
Tuesday Day -2 08/06/2021		2nd INTERNALS			Pathology - B:	
					Microbiology – C:	
					Pharmacology- A:	
Wednesday Day -3 09/06/2021		2nd INTERNALS			Pathology – C:	
					Microbiology –A:	
					Pharmacology- B:	
Thursday Day -4 10/06/2021		2nd INTERNALS				
Friday Day – 5 11/06/2021		2nd INTERNALS				
Saturday Day – 6 12/06/2021			2nd INTERNALS
